

Berkeley County Foundation for Education Grant,

I would like to express my gratitude for the grant money that was recently sent to my son's classroom. I cannot tell you how much my son enjoys being read to. He is very eager to learn and to be able to someday read on his own. But until that day, he looks forward to our special reading time each evening. Being a single mom of three young children, I do not always have the spare time to take them to the library or book store. That is why it is so convenient to have him come home with a book. He enjoys picking one out every morning at school almost as much as he does reading them at home. Therefore, I would like to sincerely thank you for the Education Grant that you sent. We all appreciate it greatly.

Sincerely,

Kimberly Howell
